We believe that:

- There's no luck involved in succeeded projects – it's a team work with clear targets;
- The only way to do good job is to be your solutions biggest fan;
- Obstacles are a challenge, not an excuse.

As we are growing, we are welcoming the following to join our friendly team:

ACCOUNT MANAGER

Your duties will include:

- Prospecting of new customers, maintain and expand relationships with new & existing customers;
- Maintain & append client database, activity and other information registration in to CRM system;
- Understanding of company capabilities and service, and effective communication of all offerings to the customer;
- Organization of meetings with customers;
- Achieving of sales targets;
- Representation of the company in different events (seminars, presentations, exhibitions);
- Relationship building and maintaining with suppliers and partners;
- Passing of necessary certifications, as required.

We will appreciate if you have:

- Higher education, BSc;
- Previous experience of at least one year in sales;
- Microsoft certification in License sales will be considered as an advantage;
- Technological awareness will be considered as an advantage.

We will be happy to provide you with:

- The chance to build up trustworthy relationship with the clients;
- An opportunity to gain experience in international projects;
- Training to further your skills and qualifications;
- The kind of benefits that come from working with some of the 100 biggest clients in the Baltic Sea region;
- An open-minded environment and the enjoyment of working for an ambitious subsidiary.

We create possibilities for you to reach new heights!
